
PCB fuse holder,5 x 20mm,10A Manual Cap PCB Mount

h3-24 is a pcb fuse holder for 5 x 20 mm fuses mounted on printed circuit boards.Is 1/4" x 1-1/4" or 5x20 mm ring fuse mounting PCB fuse holder.This is a RoHS compliant fuse fitting.

Features

Product name:pcb fuse holder

Model: H3-24

Application :5×20mm Fuse;

Rated voltage and current :250V, 10A

Materials: plastic, metal

Color: black

5x20mm fuse holder, horizontal PCB mount, 22.6mm pin to pin spacing, no center label, 10 amperes, 250 volts, CE certification

规格书Regulation book
